

SUFFRAGE AND PROHIBITION SPEAKERS IN COMPROMISE

Suffrage banners were aloft at Washington and First street last night when two young women, Miss Vivian Pierce of San Francisco, and Miss Iris Calderhead of Kansas for two hours held a big crowd of men and women listening to an exposition of the record of the democratic party for the past three years on federal suffrage.

It looked at first as if the two suffrage speakers were to be the only ones to speak on the streets of Phoenix until the close of the campaign, were to be cut out of a place. The speaker spot had been designated by the permit and when the two young women drew up in a car and gold suffrage flags, they found an active prohibition group with a singer attachment holding the coveted spot.

It was Miss Calderhead who conceived the brilliant scheme of compromise with the prohibitionists instead of withdrawing with flags at half-mast. The temperance speakers consented to shorten their meeting, and introduced the new speakers before leaving as "women's party of America, come to Arizona to stay!"

Miss Pierce told of the dramatic history of the Susan B. Anthony amendment over which the long struggle had been fought. The right of citizens of the United States to vote shall not be denied or abridged in the United States or in any state on account of sex. It was in the suffrage column of the back of the automobile, and the crowds clustered close to read it.

The speaker declared that suffrage had come back to the west and fought for all over by the united suffragists of the west, who as the women's party were making the new battle, not for their own sakes but for the sake of the women in the eastern states, who, they had been spending tremendous sums both in money and effort for the last 47 years, had not been able to make a dent in the conservative east with its

huge foreign vote. Miss Pierce pointed out that it was only with the coming into the group of suffrage states of California, Nevada, Arizona and Illinois that the suffrage states found themselves strong enough to make a demand on congress for western women.

Miss Iris Calderhead, who is the daughter of ex-representative Calderhead of Kansas and has lived many years in Washington, gave in detail the history of the democratic party in regard to the new nation-wide demand for the passage of federal suffrage. The party is power was weighed in the balance and found wanting by the young orator. She told of the ten deputations of the women of the nation who, in a series of wonderful demonstrations of strength, have asked the support of the head of the democratic party. She told of the dramatic deputation of working women; of the college women who made the demand; of the club women of the country and finally of the young women of the west, who at last won President Wilson to the admission that he was "impressed" and would take counsel with his party.

Miss Calderhead pointed out that this conference, which had resulted only in a state suffrage recommendation, had gotten the cause of suffrage in this country nowhere, because of the number of states in the country who could not obtain referendums and were powerless to get justice through their own states. She made a dramatic appeal to men and women alike who believed in justice for women to refrain from returning to power a party that had steadily opposed the enfranchisement of the women of this country.

The great suffrage mass meeting with Miss Helen Todd as a speaker was announced at the street meeting as taking place at the Y. M. C. A. stadium next Wednesday night at 8 o'clock when, with a band and special suffrage entertainers, a great delegation of Phoenix women seated on the speaker's platform, the campaign of the woman's party in southern Arizona is to be formally opened.

FOURTH NORTHERN ARIZONA FAIR PRES COTT OCT. 19-21

(Special to The Republican)
(By G. M. SPARKES)

PRESCOTT, Sept. 20.—The Fourth Northern Arizona Fair, which is to be held at Prescott, Thursday, Friday and Saturday, October 19, 20, 21, 1916, will prove to be one of the most interesting expositions ever staged by the five northern counties of Arizona. Elaborate plans are well underway and a rare treat is assured those who will attend this year's fair, both from an educational and entertainment standpoint. The exhibits this year from Apache, Coconino, Mohave, Navajo and Yavapai counties will be more comprehensive and beautiful than those of previous years.

Over \$2,000 in cash prizes will be awarded exhibitors in the mineral, live stock, agricultural, poultry, educational and home economics departments, besides beautiful premium ribbons and many special prizes. The high cash awards offered in the various sections give assurance that the exhibits will be of the highest quality possible. Expert judges from the University of Arizona, yesterday morning, Vice-Chairman George N. MacBean presided in the absence of Mayor Peter Corstien, and the balance of the commission was in attendance.

That the city may order the paving between the street railway tracks on any street where paving is in progress, and in the event of the failure or refusal of the company to do such paving, the city may have the work done and charged back as a lien against the company and collected as taxes, was the substance of an ordinance adopted. As there are now two or three streets in the course of being paved on each side of the car tracks, it is expected that an order will be issued directing the paving between the tracks under the provisions of the new ordinance in order to test the measure.

Owners of property adjacent to the town ditch protested that the odor recently arising from the nearly empty basin defied description, and urged that the commission declare the ditch a nuisance. By this means they believed action could be taken toward its elimination. These property owners were told that active steps have already been taken looking to the diversion of the ditch by the Maricopa canal, and were also informed of the sending of the message, printed exclusively in The Republican yesterday, to Director A. P. Davis, asking that he officially take up the matter.

Further, the city granted the California-Arizona Construction company to complete the paving on West Washington street. Mrs. Hattie Mosher, in a communication read, announced that she would withdraw her proffer of a site for a combined city hall and court house unless the offer was officially accepted within thirty days. A section of the building ordinance, requiring a thickness of one foot in buildings of one-story, was amended to make the required thickness eight inches.

EIGHT HOUR LAW HAS A DEFENDER

[Republican A. P. Leased Wire]
CHICAGO, Sept. 20.—"A word about the so-called eight-hour law as related to railroad operatives," by William J. Stone, United States senator from Missouri, was issued by the western national democratic headquarters here today. Accompanying the statement was an assertion that Senator Stone was representing the thought of the administration on the subject. The statement said in part:
"Messrs. Hughes, Roosevelt, Root, Lodge, Fenrose, Crane, Pierpont Morgan, George W. Perkins and that entire genus, maintain that the president and congress surrendered to force, and thereby discredited public authority and weakened the foundations of our governmental institution.
"One weakness about this charge is that it is false. Nobody threatened the president or congress; nobody demanded anything of them. There was no controversy between the government and the railroad employees, nor between the government and the railroad managements. The controversy was purely industrial, waged between several hundred thousand men who actually operate trains on the one hand, and the managers of the railroads on the other."
RECLAMATIONISTS AT BANQUET
[Republican A. P. Leased Wire]
DENVER, Sept. 20.—Reclamation project managers from 30 projects now under way in the west, tonight attended a banquet, following the second day's session at which technical problems were discussed. The confer-

ence is expected to conclude tomorrow. Improvements and procedure, and possible minor changes were topics discussed today. No definite amount has yet been decided upon it was said, for the budget for the fiscal year 1917. The last budget amounted to \$11,000,000.
